Reasons Why to Have Holcomb C3-R® with Dr. Brian Boxer Wachler

1

2003

Developed by Dr. Brian Boxer Wachler - Holcomb C3-R® has the longest track record of any crosslinking performed in US and world outside of Germany.

2

99.3%

Stabilization.

3

100%

Non-Invasive treatment - cornea epithelium is not removed; no long recovery process.

4

1 day

1 day recovery is all that is needed; resume your contacts the next day and all regular activities.

5

2 eyes

Both eyes can be treated the same day and at the same time - conveniently and safely.

6

100%

All patients receive CUSTOMIZED Holcomb C3-R® Crosslinking to optimize stability ~ 99.3% success rate. Customization based on age and level of Keratoconus.

7

100%

Invented by Dr. Brian Boxer Wachler - having the treatment by the inventor gives peace of mind.

8

19,497

Approximately treated eyes by Dr. Brian since 2003 - more procedures performed in a week compared to most doctors in 1 year.

9

#1

Dr. Brian named Holcomb C3-R® after U.S. Bobsled champion driver, Steven Holcomb, following his Olympic Gold medal victory.
